

The Santa Barbara County Bar Civil Litigation Section presents:

How to Find and Use Location Information in Litigation

When: Wednesday, November 10, 2021, 12:00 noon

Where: Zoom

Price: \$10/members; \$15/non-members.

MCLE: 1 hour general credit (pending)

Description: Determining the location of an individual at a specific point in time can make or break a case. You can use location data to present an alibi in defense, discredit a witness or party, show how long someone was on the road prior to a crash, establish where a digital contract was signed, and more. This unique webinar will show you how to find and use location data in your case. We will answer your live questions, and walk through real-world location analysis. You will come away knowing where to find data to support your case, as well as how to analyze some of the data yourself.

Speaker: Brian Chase is a Director of Digital Forensics at ArcherHall, an expert witness, and an adjunct professor of law. Before joining ArcherHall, he was a practicing attorney and the owner of Chase Technology Consulting, a legal technology consulting firm providing digital forensics and e-discovery expertise. He has worked with various sized law firms both in an IT and legal capacity. He has consulted with firms on their use of technology within the office, and has provided expert testimony in criminal and civil matters ranging from misdemeanors to murder to medical malpractice.

Please mail checks by Wednesday, November 3, 2021 payable to Santa Barbara Bar Association, 15 W. Carrillo Street Suite 106, Santa Barbara, CA 93101.
